4. _____

4. _____

Title of the independent work submitted for the Certificate _____

The independent work I am submitting for the EAS Program Certificate is independent work (a JP, a Senior Thesis, or a piece of independent research and writing) not associated with any course I have taken for credit. If the independent paper is related to a paper I submitted earlier for a Princeton course, I affirm that the independent paper is significantly different from the course paper, and I am also submitting a copy of the course paper.
